Lesson Plan:

Introduction (15 mins):

Begin with a brief discussion on the cultural and historical significance of Masjid al-Aqsa. Introduce key architectural elements like Masjid al-Qibli, Dome of the Rock, Musalla, Masjid al-Buraq, and minarets.

Observation Session (20 mins):

Show images or diagrams of Masjid al-Aqsa complex, highlighting each significant component. Discuss the purpose and history behind each architectural feature.

Planning and Research (20 mins):

Provide time for students to individually plan and research the architectural details of Masjid al-Aqsa. Emphasize the importance of accuracy and attention to detail.

Crafting the Individual Panorama (50 mins):

Distribute large poster paper and art supplies to each student. Instruct students to independently draw and colour their panorama, incorporating all the key architectural elements. Encourage creativity and exploration of different artistic styles.

Texture and Detail Addition (20 mins):

Optionally, provide craft materials for adding texture to the individual panoramas. Encourage students to add small details that showcase the uniqueness of each architectural component.
